success is our ability

to create a believable world of dreams that appeals to all age groups."

-WALT DISNEY

From fun and educational software for children to flying and filming simulations for adults, Disney Software has something for everyone, no matter how young or old.

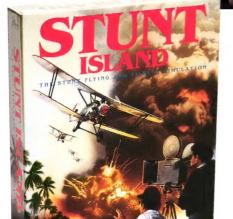

#### ENTERTAINMENT

FLYI 45 different aircraft. From a hang glider to a commercial jet airliner.

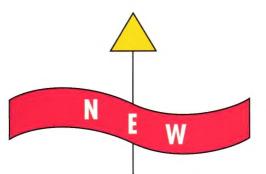

FILM! Choose from 34 prebuilt locations. Position up to 8 cameras. And 800 objects to construct your sets.

> EDIT! VCR-style editing controls. Special effect options. And a library of sounds.

Supports The Sound Source and Sound Blaster

### **Stunt Island**

#### The Stunt Flying and Filming Simulation

Stunt Island sets a new standard for flight simulators by combining a first-rate flight simulator with a Hollywood-style filmmaking facility. Fly any of 45 technically accurate aircraft in wild stunts like landing on a fast-moving train, threading a narrow canyon corridor at top speeds, or playing chicken with a truck on a crowded city street. Fly, film, direct and edit your own action-packed films.

IBM 5.25HD 26BM \$59.95 IBM 3.5HD 34BM \$59.95

System Requirements: 2 MB; 16MHz 386SX; VGA; hard disk. Recommended: 4 MB + ; 33MHz 386.

#### ENTERTAINMENT

### Coaster

#### Design, Build and Ride Your Ultimate Roller Coaster

With the power of a CAD (Computer Assisted Design) program and the ease of a point-and-click interface, Coaster gives you the most complete and simple-to-use architecture imaginable. Go ahead—build a coaster with incredible drops that challenges the speed record or one that exerts face-tugging G forces. And when you've built your dream scream machine, take it on a stomach-churning, first-person perspective ride, if you dare.

IBM 5.25HD 30BM \$39.95
IBM 3.5HD 33BM \$39.95
System Requirements: 1 MB + : expanded

System Requirements: 1 MB +; expanded memory; 12MHz 286; VGA; hard disk.

Supports The Sound Source and Sound Blaster

Keep track of top speed, average speed, and vertical and lateral Gs.

Choose from a variety of track pieces. Special components like uplifts, trim brakes and accelerators.

Supports The Sound Source

## Hare Raising Havoc

Stunning animation and wild sounds bring Roger Rabbit, Baby Herman and Jessica to life in this interactive cartoon brain-teaser. Challenging gameplay combined with great animation and a fun cartoon sound track make Hare Raising Havoc fully live up to its name.

For ages 10 and up.

IBM 3.5 22BM \$19.95

AMIGA 22AM \$19.95

System Requirements: IBM-640K; 10MHz 286; hard disk; VGA, EGA, Tandy 16-color, CGA.

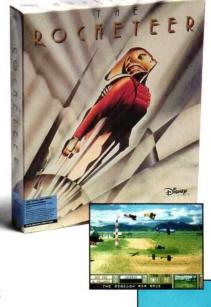

AMIGA-1MB; hard disk. Recommended: 2 MB + ; iovstick.

**Supports The Sound Source** 

### The Rocketeer

Digitized live-action, 256-color VGA graphics and action-packed adventure are only part of the excitement. You'll race 1930s airplanes and fly the experimental X-3 rocket pack. When evil Nazis kidnap your girlfriend, steal plans for your rocket pack and hijack a top-secret fighter plan, it's time to fly headfirst into a fiery jet-blast of action as The Rocketeer. For ages 8 and up.

IBM 5.25HD/3.5HD 24BM \$29.95 System Requirements: 640K; 10MHz 286; VGA, EGA. Recommended: hard disk.

## Arachnophobia

Arachnophobia is an action arcade game that pits you against a previously unknown species of spiders—ones that are lethally poisonous, extremely aggressive, strangely intelligent and culinary fans of fumigators. For ages 8 and up.

IBM 5.25/3.5 13BM \$14.95
AMIGA 13AM \$14.95
System Requirements: IBM-640K; YGA, MCGA.

EGA, Tandy 16-color, CGA, AMIGA-1 MB.

### **DuckTales**

#### The Quest for Gold

This pulse-pounding action adventure is full of excitement and challenge! In six different games, you'll search for the world's rarest treasures in a variety of exotic places. For ages 6 and up.

IBM 5.25/3.5 2BM \$19.95
AMIGA 2AM \$19.95
System Requirements: IBM-512K; EGA, Tandy

16-color, CGA. AMIGA-512K, two disk drives. Recommended: Extra RAM; joystick.

## **Dick Tracy**

The Crime-Solving Adventure
Crime is running rampant. The mob
has taken over the city. As Dick
Tracy, you must solve a series of
crimes which will ultimately lead
you to the mastermind behind the
crime spree. Battle thugs, analyze
evidence and interrogate suspects to
catch the crooks. Jump into your
squad car and hit the streets before
it's too late! For ages 8 and up.

IBM 5.25 12BM \$19.95 AMIGA 12AM \$19.95

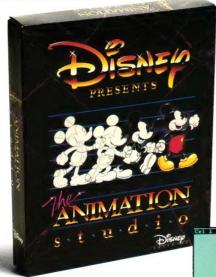

System Requirements: IBM-640K; VGA, EGA, Tandy 16-color. Recommended: 10MHz 286, hard disk. AMIGA-1 MB.

#### ENTERTAINMENT

#### CREATIVITY

**Supports The Sound Source** and Sound Blaster

View up to 4 cels at once.

The Ink and Paint program lets you add color.

## The Animation Studio

Powerful, State-of-the-art. Easy-to-use.

The Animation Studio is the only full-featured animation and paint program using state-of-the-art cel animation techniques characteristic of Disney-style animation. The **Animation Studio program comes** complete with libraries of music, sound effects, classic Disney animations and many other tools to help you learn how to create exciting animations. For ages 10 and up.

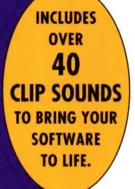

IBM 5.25HD/3.5 4WN \$129.95 \$69.95 **AMIGA** 4AM

System Requirements: IBM-3 MB+; expanded memory; mouse; VGA, MCGA, EGA, Tandy 16-color, CGA. AMIGA-1 MB +; mouse.

Animations from classic Disney films demonstrate animation techniques.

> WINDOWS LAUNCHABLE

### SOUND

# The Sound Source

The Sound Source is *the* low-cost way to get high-quality speech, crisp sound effects and rich orchestrated music on your IBM or 100% compatible computer. Simply plug The Sound Source into the parallel printer port on the back of your PC. Over 100 titles support The Sound Source—it even works with Microsoft 3.1 applications that support digital sound!

#### **WORKS AT THE OFFICE**

Now you can hear Microsoft Windows 3.1 applications with The Sound Source. Add impact to charts, spreadsheets and documents with voice clips and sound effects. The Sound Source supports such applications as Excel 4.0 (Microsoft), Ami Pro 3.0 (Lotus) and After Dark (Berkeley Systems, Inc.).

#### **ENTERTAINS AT HOME**

The Sound Source brings many of your favorite entertainment and educational programs to life with speech, music and sound effects. In addition to Disney Software's programs, The Sound Source supports such popular titles as Where in the World is Carmen Sandiego? (Broderbund Software), Laura Bow II: The Dagger of Amon Ra (Sierra On-Line, Inc.) and Math Blaster Plus (Davidson & Associates, Inc.).

#### IBM 5.25HD/3.5HD SB002 \$49.95

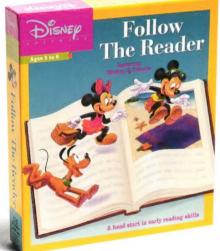

System Requirements: 8MHz processor; IBM standard parallel printer port; software that supports The Sound Source. Requirements for The Sound Source Windows Sound Driver: Windows 3.1; 1MB+; 10MHz 286. Recommended: Applications that use the Windows Multimedia Extensions.

SOUND

#### CHILDREN'S

## Follow The Reader

Help your child become an accomplished reader.

Mickey and his friends return in this delightful sequel to Mickey's ABC's, and this time they're headed to the beach for some fun and surfing. This talking computer adventure helps youngsters develop and sharpen reading skills as they create stories, print them out and even read along. For ages 5 to 8 years.

When you add The Sound Source, you'll hear every word and all the laughs.

Special Parent and Teacher Activity Guide extends learning beyond the computer.

Also available: Follow The Reader and The Sound Source in a Combo Pack.

IBM 5.25HD 43BM \$49.95 IBM 3.5HD 42BM \$49.95 IBM 5.25HD w/Sound Source 53BM \$69.95

IBM 3.5HD w/Sound Source 44BM \$69.95

A Day at the Fair
IBM 5.25HD 47BM \$29.95
IBM 3.5HD 48BM \$29.95
System Requirements: 640K; 10MHz 286; hard disk; VGA, EGA, Tandy 16-color, CGA.

## Mickey's 123's

The Big Surprise Party
IBM 5.25HD 51BM \$29.95
IBM 3.5HD 46BM \$29.95
System Requirements: 640K; 10MHz 286; hard

disk; VGA, EGA, Tandy 16-color, CGA

#### A lifetime of learning and fun starts here!

The Disney Preschool Software line is designed specifically with your child in mind. They'll learn the basics of letters, numbers, colors and shapes recognition with the memorable guidance of Mickey and friends. It's a fun, interactive learning experience made even more enriching with The Sound Source. No other children's software product lets your child hear Mickey talk or Minnie giggle.

Like all good learning experiences, these programs are designed to be supportive—there are no wrong answers! Any key your child presses makes something fun happen every time. For ages 2 to 5.

## Mickey's Colors & Shapes

The Dazzling Magic Show IBM 5.25HD 52BM \$29.95 IBM 3.5HD 45BM \$29.95

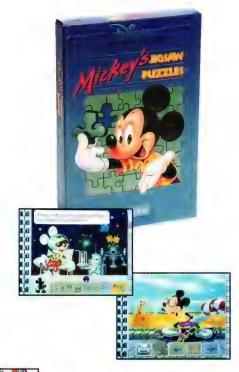

System Requirements: 640K; 10MHz 286; hard disk; VGA, EGA, Tandy 16-color (Note: does not support CGA).

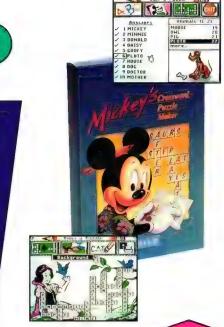

## Mickey's Jigsaw Puzzles

Mickey and his friends are featured in 15 colorful animated puzzles. Children can choose from multiple skill levels using 4 to 64 puzzle pieces. All puzzles can be made from square-shaped, silhouette or standard jigsaw shapes for added challenge and fun. Each completed puzzle offers a special animated reward. Add The Sound Source to hear Mickey and friends. For ages 5 and up.

IBM 5.25/3.5 18BM \$24.95 System Requirements: 640K; VGA, EGA, Tandy 16-color, CGA.

## Mickey's Crossword Puzzle Maker

Children, teachers and parents can create, play and print crossword puzzles using Disney characters and backgrounds. Word and picture clues help solve the puzzles while building children's vocabulary and reading skills. For ages 5 and up.

IBM 5.25/3.5 3BM \$19.95 System Requirements: 512K; EGA, Tandy 16-color, CGA.

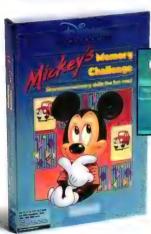

CHILDREN'S

#### CHILDREN'S

Mickey's Memory Challenge

Concentrating is kid's play. Boys and girls are challenged to see if they can match words, objects or Disney characters. It's a fun way to prepare young children for reading, while providing memorization and vocabulary building exercises for older players. For ages 5 and up.

IBM 5.25/3.5 29BM \$19.95 System Requirements: 512K; EGA, Tandy 16-color, CGA. SEE SPECIAL OFFER ON ORDER FORM
